Media Wiki User Guide
MediaWiki User Guide: This is a user guide to MediaWiki, the software that runs Wikipedia, Wikibooks and other Wikimedia projects. The book focuses on reading and editing wikis that are running MediaWiki, including the MediaWiki markup. Topics out of scope of the book include administration and development of MediaWiki.

Semantic MediaWiki (or SMW for short) is an extension to the well-known MediaWiki software. The purpose of SMW is to allow users to improve the structure and organization of the knowledge in a wiki by adding simple, machine-processable information to wiki articles. With this additional information, you can greatly improve searching, browsing, and sharing the wiki's knowledge; both within the wiki's pages and from external computer programs.
