Jerome David Salinger. Nine Stories (1953)

Nine Stories, published in 1953, is a collection of Salinger's short stories, and is considered one of the finest short-story collections in the English language. Taking his cues from such masters of the medium as Guy de Maupassant and James Joyce, Salinger presents a series of brief narratives or vignettes - rarely over twenty pages in length in the average edition - in which small-scale reversals occur.
